Subject: Tobacco Control Committee Membership

Stephanie,

I would like the Board to vote on adding Michael F. Chou to the Tobacco Control Committee. Michael, who attended our last meeting is a Lecturer in Genetics and Director of Human Subjects Research for the Personal Genome Project at Harvard Medical School. He is interested in joining our Committee and I think he would be an asset.

Contact info: mchou@genetics.med.harvard.edu
office 617-432-6510 cell 917-757-1184

Thanks,
Nancy Daly
